Budget Process

Role of politics in the budget process?:

- 1. Political ideology of President & Congress (liberal bigger gov, social spending, higher taxes if needed; conservative cut taxes, size of gov, limit spending on social programs)
- 2. Federal agencies & depts. Attempt to influence White House w/ their own budget priorities
- 3. Iron Triangle interest groups (ex: Boeing), executive agencies (ex: DOD), lobby Congressional Committee (Armed Services)
- 4. Individual Congressmen want "earmarks" or "pork projects" funded in the budget
- 5. President's campaign promises (ex: cut spending, lower taxes, fix Social Security, fund Prescription drugs for seniors, etc.)
- 6. Separation of Powers conflict between Pres & Congress w/ re: to budget priorities (Gov shutdown in '95)
